## What is a resolution?

A resolution submitted for consideration by the Iowa Association of Nursing Students House of Delegates is a piece of advocacy written by nursing students that addresses key issues seen in education and nursing practice. Resolutions are presented, debated, and adopted by a majority vote by the House of Delegates, the voting body of nursing students from the State of Iowa. Once adopted, these resolutions become the official policy of IANS.

Writing a resolution is a great way to learn about health policy as well as make your voice heard. Your resolution could be published and become the foundation for policies and actions of the Iowa Association of Nursing Students (IANS)!

IANS adheres to the NSNA Resolution Guidelines to promote uniformity and accuracy in resolution writing. It is recommended to begin writing over the summer as the submission date of resolutions is September 3.
